Kevin Simon visits his adopted school

Rancho Río Escondido, Los Naranjos school.

Kevin wasted no time to visit the school and meet with the parents and kids. He also wanted to find out what needed to be done to improve all the facilities. He would like to make this a dignified school.

Kevin said:

My parents, Shirley and George Simon, taught me to always give back as much as I receive in life. From as long as I can remember they have been giving their time to, serving on the board of, or establishing local, national and international charities always

focusing on children and the disenfranchised. It is my parents influence in my life that has encouraged me to build these schools. It is that manner in which I feel it is appropriate to build the Rancho Río Escondido school in their honor.

We are grateful for Kevin's dedication and generosity towards this project, and we look forward to seeing the Rancho Río Escondido Los Naranjos school finished. It is through the kindness and generosity of individuals like Kevin that we can make a real difference in the lives of those who need it most.

Building a Basketball court in Puente Cuajinicuil

3 years ago the local government promised to provide the cement and other materials for three basketball/soccer courts at CONAFE schools. A few weeks ago we were told that they had the materials ready to go for one school. The adopters Sharon and Jerry Smith generously agreed to pay for the labour. The planning, logistics and supervision was provided by the foundation.

The soccer/basketball court is already finished and the kids and the parents are very happy and very grateful with all of us for this project.

Thank you so much Sharon and Jerry Smith!

Llano Grande visits Casa Bacaanda

We are thrilled to share the news that a group of kids from Llano Grande recently had a blast at Casa Bacaanda, where they enjoyed a day full of educational, artistic, and recreational activities. Thanks to the efforts of our wonderful founder Britt, as well as the dedicated members of the foundation and Casa Bacaanda, the children were able to learn and have fun at the same time. From exploring new ideas to engaging in creative projects, the kids had an unforgettable experience that will undoubtedly leave a lasting impression on their young minds.

Sister Schools

June 17th

Donation from Big Rock School

We are delighted to announce some heartwarming news about our sister school, Big Rock School in Canada. Recently, they went above and beyond to support their sister school in Barrio Union 1 community, adopted by Mary Donaldson, by raising funds for much-needed school supplies and a printer.

Thank you, Big Rock School!

Help us find new sister schools

If you know of any school that might be interested in collaborating with us, please don't hesitate to reach out.

We are actively seeking more sister schools to join our exciting project, which provides a unique opportunity for children to learn from other cultures and make new friends. By participating in this initiative, schools can raise funds for their sister school allowing their students to learn how to share.

Together, we can make a meaningful difference in the lives of children around the world!

Dear supporters,

We wanted to take a moment to express our gratitude to all of our donors who have generously contributed to our cause of improving rural education in Oaxaca. Your support has made a significant impact and we cannot thank you enough.

However, there is still much work to be done, and we need your continued support to make a lasting difference in the lives of these students. We invite everyone who shares our vision of improving rural education in Oaxaca to

donate and help us make a difference.

Sincerely,

Bacaanda Foundation
